PIONEER OF FILAMENT LED

ELITESTAR

ELITESTAR LIGHTING LIMITED

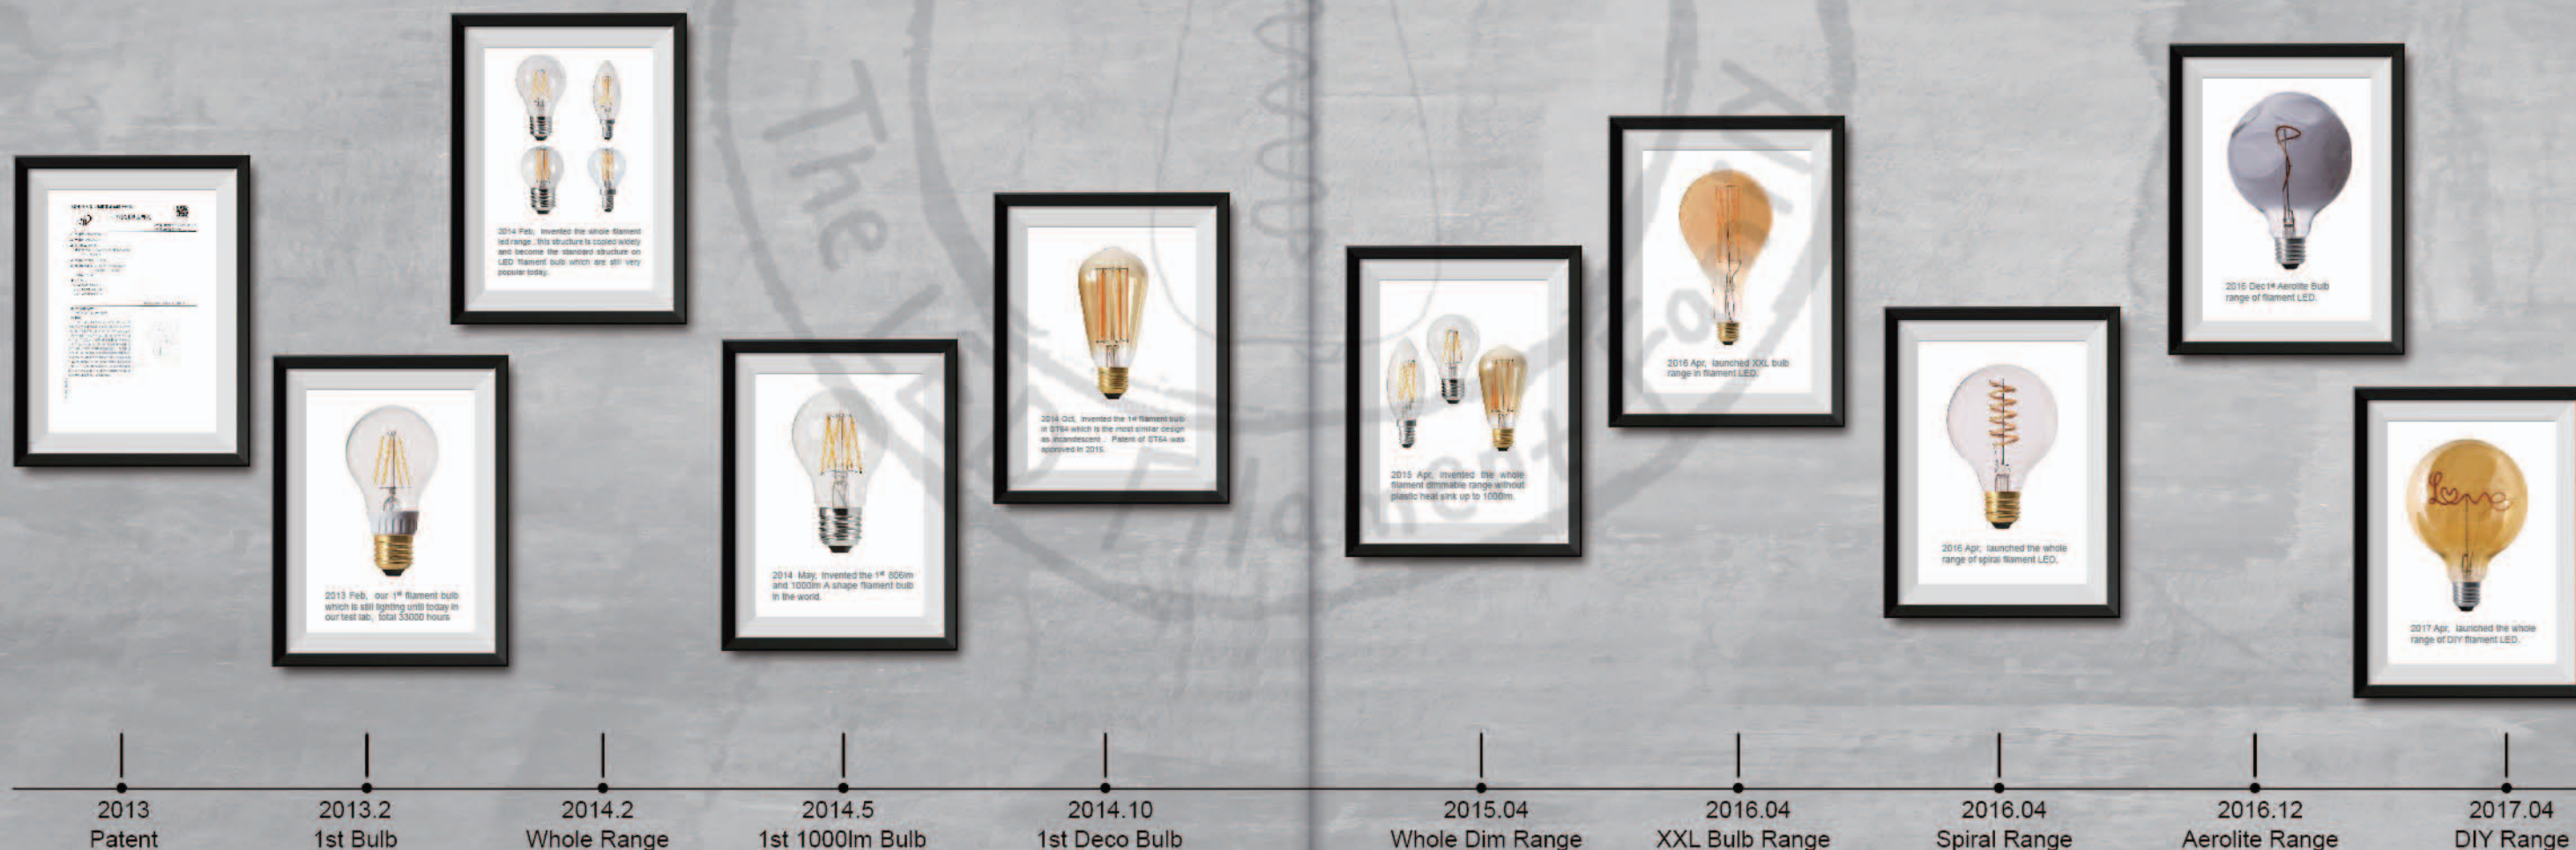

Milestone

Specialist and Pioneer of LED filament

- In the past 5 years , we only focus on LED filament

PIONEER OF FILAMENT LED

From 2013, Elitestar are always in the leading position on product development of LED filament industry, and we have invented and created many advanced technology on LED filament to provide creative and innovation product on LED filament.

We invented ST64 LED filament solution which is the most similar design as incandescent decorative bulb, from it on, LED bulb is no longer non-emotional industrial bulb, the innovative warm CCT of 1800k/2000k and the beautiful shape of LED filament embarked LED bulb on the road of warm, traditional feeling product.
